

PVPM CASE PELI 1650

Transport Case for Measurement Devices Type PVPM

The Case

The PELI case will give your PVPM an outstanding protection in the case of transport by plane, road or ship. The case has a waterproof O-ring seal (IP67),

which makes the case even limited floatable. Adapted

foam pads will hold everything in the intended place. The retractable extension handle and the rollers makes it as easy to move as a Trolley. Although it is waterproof, the case can be transported by airplane because of its pressure balance valve. The padlock protection made of high-grade steel reliably prevents the entrance by unauthorized persons. The high robustness of the PELI case led to international military permissions. The manufacturer gives unconditional quality warranty!
